(All amounts expressed in U.S. dollars unless otherwise stated)

TORONTO, Ontario, June 12, 2025 – Torex Gold Resources Inc. (the “Company” or “Torex”) (TSX: TXG) today released its 2024 Responsible Gold Mining Report (the “Report”) titled *Building from Strength*, the Company’s tenth annual disclosure of its safety, environmental, social and governance performance. The Report can be found on the Company’s website at www.torexgold.com.

Jody Kuzenko, President & CEO of Torex, stated:

“The theme of this year’s report, *Building from Strength*, reinforces that responsible mining is one of the key elements that makes us strong as a Company – it is at the core of who we are and will continue to define us as we build the future of our operations in Mexico and beyond. As the largest gold producer in Mexico, we have a heightened sense of responsibility to demonstrate what good looks like when it comes to mining responsibly and showcasing the lasting and positive impact mining can have on people and the planet.

“Amid the many positive and inspiring stories contained in the Report, 2024 was marked with profound tragedy with the loss of two employees and two contractor employees in two separate workplace incidents. As we look toward the future, we are more resolved than ever to reset the bar on safety leadership and reestablish our reputation as one of the safest operators in the industry.”
